

## Referral Process

### Orthotics

- Enclosed are 10 Ministry of Health & Long-Term Care Assistive Devices application forms for orthotic devices. Eligibility for this program is outlined in the handout entitled Assistive Devices Program. Section 2 is to be completed by the prescribing physician and returned to the client for completion

### Prosthetics

- Recent amputees must be referred to a Ministry of Health & Long-Term Care's registered Amputee Clinic by their treating physician. The Amputee Clinic Team physician, including a physiatrist, physiotherapist and prosthetist will assess and prescribe the prosthesis accordingly. Enclosed are Amputee Clinic Referral forms for your convenience.
